Procurement are requesting that the Police Commissioner signs the Oracle Licences Renewal call off contract and adds his seal. The contract period is 24 months from 6th April 2025 – 5th April 2027, with no options to extend. The overall contract value is at £334,393.62 excluding VAT

Supporting information

1) [Background information](#)

The Force have been in contractual arrangements with Oracle Corporation UK Limited

for the provision of Software Support and Maintenance for Oracle database and IAS software (site licence) since 2021.

The current agreement is due to expire 5th April 2025, the intention is to renew the Software Support and Maintenance for a 24-month period. Procurement is looking to enter a formal contractual arrangement Oracle Corporation UK Limited for 24-month period, the overall contract value is £334,393.62 excluding VAT.

Oracle Corporation UK Limited are the sole provider in the market for the Software Support and Maintenance for Oracle database and IAS software. The licences entitle Leicestershire Police to access to Oracle support, patches and updates.

Every employee of Leicestershire Police and OPCC requires an Oracle database and IAS licence because HR Gateway is based on Oracle Software.

The Oracle database is deeply integrated into Leicestershire Police systems, there would be huge risks of cutting ties with Oracle. For example, once direct support with Oracle is ceased, in order to restart, the licences need to be repurchased from Oracle at substantial cost, estimated at over £1 million, and uncertainty about continued licence coverage of HR Gateway, as it is a hosted system.

2) Detail of additional information attached.

Please see attached approved recommendation.

3) Expected benefits.

We expect Oracle Corporation UK Limited to continue to provide the Software Support and Maintenance for Oracle database and IAS software, which will continue to be utilised for every employee of Leicestershire Police and OPCC.

4) Impact of not approving the application

Oracle Software Support provides access to product updates and enhancements, as well as technical assistance and support resources which help to optimise performance and effectively implement new product functionality.

The main risk of the loss of an active Oracle licence for each employee is that we lose the right to use the HR Gateway system. A licence is required for each current employee recorded on HR Gateway.

5) Financial implications (including any cost savings)

Fee Description	Fee (£)
Software Technical Fee	GBP 334,393.62
Total Fees (excl. VAT)	GBP 334,393.62

- 6) **Consultations** (Details of any consultations that have been carried out or reason as to why no consultations has taken place):

Discussions with Yusuf Patel have been conducted to determine the requirement to renew the Oracle Licences.

- 7) **Collaboration** (is there an opportunity to collaborate with partners)

Collaboration is not applicable for this provision.

- 8) **Equality, Diversity & Human Rights implications**

Covered by the RM6194 BOS Framework.

- 9) **Legal comments**

Not applicable

- 10) **Publication**
